OSI Maritime Systems Signs Contract to Provide Navigation Systems to the UK Royal Fleet Auxiliary

OSI Maritime Systems announced today that it has signed a contract to provide navigation systems for eight UK Royal Fleet Auxiliary (RFA) ships. The RFA enables ships of the United Kingdom Royal Navy to maintain operations around the world. Its primary role is to supply the Royal Navy with fuel, ammunition and supplies.

About OSI

OSI Maritime Systems is a leading provider of integrated navigation and tactical solutions designed for naval and maritime security operations. The company develops and delivers integrated bridge systems for warships, integrated dived navigation systems for submarines, and C2 systems for small craft. OSI currently has 16 naval customers from around the world with over 500 warships and submarines operating with its world leading integrated navigation and tactical solutions.
